Our farmers, our fruit.

Quattro was a fruit-flavoured canned carbonated drink and was first produced in 1982 in the UK. Its name was derived from the four fruits used; pineapple, orange, lemon and grapefruit.

Last year, the company was redesigned. Now with a more modern visual, with a new citrus flavour with the fruits: **lemon, lime, orange, grapefruit**. Much more delicious and refreshing.

It is currently sold in most stores, from the local supermarket to major stores like Walmart and the Real Canadian Superstore.
